

Well Pump 4SAm2/16-0.75

Product Specials

- Optimised new design and improved efficiency
- Wide product range from 2 m³/h to 16 m³/h for different application requirements
- Mechanical seal ensures pump reliability
- New anti-sand structure of the motor for high sand resistance and long service life
- The value is characterised by a stainless steel pump housing, as well as by the brass connection threads.
- External thermal protection against overload of the motor
- Automatic pressure regulation mechanism to balance the pressure inside and outside the motor and outside the motor and increase the diving depth.

Technical Data

| | |
|--------------------------|---|
| Maximum head | 117 m |
| Rated current (A) | 6,6 |
| Maximum flow rate | 3,3 m ³ /h |
| Power consumption | 0,75 kW |
| Supply voltage | 1 x 230V, 50 Hz |
| Protection class | IPX8 |
| Media temperature | 40°C |
| Maximum depth | 70 m |
| Pressure port connection | G 1 ¼" |
| Insulation | class B |
| Pump casing material | stainless steel |
| Net weight | 16,0 kg |
| Gross weight | 17,5 kg |
| Cable | RVVB4 × 1,5-25 m RVVB3 × 1,5-1 m incl. Schuko-Plug (Control-Box) |
